Epson Stylus COLOR 670 ESC/P 2	Epson PictureMate (M) / Epson PictureMate 2005 (M)
Epson Stylus COLOR 680 ESC/P 2	Epson PictureMate 500 (M)

Although many of our products are supported natively in MS-Vista (i.e. the OS will automatically recognize the product and install the appropriate driver), the driver used may be limited in functionality when compared to the driver found on our products accompanied in-box CD or downloaded from the Epson website.

Some of the features that may not be present in the Vista drivers are :

- Print Preview is not supported
- Edge Smoothing is not supported
- Save settings function is not supported
- Poster Printing is not supported
- Watermark function is not supported
- Double-Sided Printing is not supported
- Borderless level setting is not supported
- Although APF (Photo Enhance) is supported, the version of APF used is 2003 - the default setting is always off.

The following models **DO NOT** have a Windows Vista Operating System driver available from Epson or Microsoft:

Epson Stylus  
Epson Stylus 1000  
Epson Stylus 1500  
Epson Stylus 200  
Epson Stylus 400  
Epson Stylus 800  
Epson Stylus 800PLUS  
Epson Stylus 820  
Epson Stylus COLOR  
Epson Stylus COLOR 300  
Epson Stylus COLOR 480  
Epson Stylus COLOR 500  
Epson Stylus COLOR 580  
Epson Stylus COLOR II  
Epson Stylus COLOR IIS  
Epson Stylus PHOTO  
Epson Stylus PRO  
Epson Stylus PRO XL  
Epson Stylus PRO XL+
