Stylus CX5300 (M)
Stylus CX6500 (M)

Stylus Photo RX430 (M)
Stylus Photo RX510 (M)
Styslu Photo RX630 (M)

Although many of our products are supported natively in Windows 7 (i.e. the OS will automatically recognize the product and install the appropriate driver), the driver used may be limited in functionality when compared to the driver found on our products accompanied inbox CD or downloaded from the Epson website.
Some of the features that may not be present in the Windows 7 drivers are:
- Print Preview may not be supported
- Edge Smoothing may not be supported
- Save settings function may not be supported
- Poster Printing may not be supported
- Watermark function may not be supported
- Double-Sided Printing may not be supported
- Borderless level setting may not be supported
